01

A space that is ready to work

Unit D-106 fronts U.S. Highway 40 at the I-70 interchange, between Exits 247 and 248, with straightforward access east to the Denver metro and west to the mountain resort markets. Move into a space already built out for production and lab work, with a stainless prep area, 12-foot clear height, and a secured paved yard, instead of starting from raw commercial space.

02

Built for these operators

The buildout suits specialized production and lab users. The images below are representative of each use, not photographs of this unit.

Botanical & nutraceutical extraction

Essential oils, herbal and adaptogen tinctures, functional-mushroom extracts.

Analytical & testing lab

Environmental, water, soil, and materials testing.

Cosmetics, fragrance & personal care

Small-batch compounding and private-label manufacturing.

Craft distilling or coffee roasting

Wholesale production. Public tasting or cafe would need a separate zoning review.

Buyers should confirm their intended use with Clear Creek County and the condominium association before relying on it.
